THE BIG BULKY DISPOSAL GUIDE

< Bulk items are removed only on the designated day. >

HOW DOES IT WORK?

Refrigerators, freezers, sofas, stoves and more! We have solutions for picking up your old stuff so you can enjoy the new.

If you have an oversized bulky item, large household items like appliances or furniture, a bulk/special waste pick up may be needed to dispose of that item. Charges may apply. **Please turn the page to see our list of acceptable and unacceptable items!**

Need to schedule a pick up of one or more items listed on the left? We can help with that!

Please call one of our helpful customer care representatives at **(703) 368-0500** to get started. They can schedule your bulk pick up, fill you in on how to prep your items and answer your questions about fees if any apply!

Contact us today to get these items out of your way!
